Cedar Bluffs R.A. (Important Bird Area)
**GPS Coordinates:** 41.3462409677081,-91.3208216428757  
**Ownership:** County  
**Description:** Near Cedar River but high ground - 176 acres  
**Habitat:** top of the hills are planted with prairie plants and the rest is wooded with steep hills, has a few small ponds  
**Directions:** In the southwest corner of Muscatine Co., and somewhat rough in places - Along Hwy. 92, just east over the river from Columbus Junction in Louisa Co., take G-40 north through Fredonia. After emerging from Fredonia, follow G-40 north and east a little under four miles to Q Ave., on the left. Go north on Q Ave., including two jogs, about 1.5 miles to the entrance on the right, after a line of pines. The first left from the trail off the parking lot leads to steep wooded bluffs and a creek. The trail gets thin in places going in, and at creek-level there are nettles and mosquitoes. The woods on the bluff across the creek has a good trail, but otherwise the park is unfinished in this section; best to stick to the woods itself. The other half of the park, south of the trail off the parking lot, is field and shrub.  
**Public Hunting Area**  
**Amenities:** Parking | Trails |

Cedar Bottoms
**GPS Coordinates:** 41.4632114769375,-91.19480073452  
**Ownership:** State  
**Description:** Most references are for Cedar Bottoms but there are actually two parcels. The Cedar Bottoms is divided by the Cedar River, one parcel is on Bayfield Road and the other is on 170th St. Cedar river bottom ground that was farmed in the past 1,555 acres total  
**Habitat:** The east parcel has a lane leads downhill from the parking area. The extensive weedy field habitat is immediately ahead. Follow this lane eventually westward (leftward) to find the pools, not a long walk. The west parcel Grassland yielding to timber near the river 1/4 timber and 3/4 grassland with some wet areas  
**Directions:** For parcel on east side of Cedar river In central Muscatine Co. Along Hwy. 22 about six miles east of Nichols or six miles west of Muscatine, X-43/Independence Ave. meets Hwy. 22 on the south side. One quarter mile east of X-43 is Bayfield Rd., a gravel road, going north. Follow Bayfield north one mile, eventually including short bends right, left, and right. The parking area is at that second bend to the right (east). For parcel on west side of Cedar River - From W end of Cedar River bridge go N on Ironcity Ave for 1.12 miles and turn R to continue on Ironcity, another 1.58 miles and make R on 170th St go .99 miles to Jasper St. and make R, road ends in .26 miles  
**Public Hunting Area**
