Bacon Creek Park (eBird Hotspot) (Important Bird Area)
**GPS Coordinates:** 42.4958017,-96.3367081
**Ownership:** City
**Description:** Large city park on NE edge of Sioux City. Lake, woods, paved trails which circumnavigate the lake, and shelters.
**Habitat:** Woodland, pasture, lake, and some fragmented prairie.
**Directions:** Start Point: Intersection of Hwy 20 and Hwy 75 bypass (east of Sioux City) Proceed EAST ~ 1m. on Hwy 20 to Buchanan Ave. Turn NORTH on Buchanan Ave 1.4 miles to Correctionville RD. Bear left and proceed in a westerly direction for 1.8 miles. Park entrance is on the north side of the road.
**Amenities:** Restrooms | Drinking Water | Parking | Trails | ADA Accessible Trails

Brower Lake/Slough
**GPS Coordinates:** 42.3990270852625,-96.2356853485107
**Ownership:** Private (see directions for access)
**Description:** Remnant of an old oxbow complex. Recent years have had lots of water.
**Habitat:** Wetlands surround by trees. Good spot to bird especially during spring migration. Great-tailed Grackle, Cinnamon Teal, Yellow-headed Blackbird, ducks/geese, and shorebirds along with some woodland species.
**Directions:** Start point: I-29 Exit 141 at Sergeant Bluff IA. Proceed EAST through Sergeant Bluff ~ .6mi to Port Neal Road. Turn right (SOUTH) and proceed 1.2 miles to Banner AVe. Turn left (SE) and proceed in a southerly direction. Area will be on the right (WEST) side of the road. Parking is along the road.
**Amenities:** Parking |

Browns Lake/IPS WMA (eBird Hotspot) (Important Bird Area)
**GPS Coordinates:** 42.3170158,-96.3342151
**Ownership:** Multiple
**Description:** Lake community with some access for view lake. Great place to bird. Boat accessible. Mosquitoes can be ferocious at times so insect repellant spring/summer might be good idea. There is considerable public access but also some private.
**Habitat:** Lake, some marsh, woods. Ducks, Grebes, Loons, terns, and flycatchers and other woodland species.
**Directions:** On I-29, take Exit 135 and head west on 275th St. You will find several places to view the lake. Good locations if you take Bigelow Park Rd west off of 275th (Look for Brown's Lake State Park sign). Follow this west making stops to bird and eventually north to dead end parking. Trails are accessed from here which run north and somewhat east.
**Public Hunting Area**
**Amenities:** Restrooms | Drinking Water | Parking | Trails | Camping |
Dairy Ponds 280th at Eastland Av (eBird Hotspot)
GPS Coordinates: 42.2980083,-96.1907959
Ownership: Private (see directions for access)
Description: Water filled (usually) "borrow pit" for dairy farm operation. "Parking" is along the edge of the road which has plenty of room to "pull off" and view. Though this is a private area the owners have been more than accommodating to bird watchers.
Habitat: Ponds surrounded by agricultural land and a large dairy barn. Shorebirds and waders are found here. A Snowy Plover, a Whimbrel, along with a good varied of plovers have been seen here.
Directions: From I-29 take Salix exit (#134) and head EAST ~ .9 miles on K25 through Salix to Hwy K45/475/Old Hwy 75. Turn right and proceed .6 miles and turn left (EAST) onto 280th/D63. Travel ~ 3 miles to a curve *** where you will make a little jog to the right onto GRAVEL (still 280th). Proceed 1.5 miles to Eastland and 280th.
Amenities:

Dorothy Pecaut Nature Center (eBird Hotspot)
GPS Coordinates: 42.5431471,-96.4714289
